

SUPPLEMENT TO  
**The Gazette of India**

No. 1. } DELHI, SATURDAY, JANUARY 4, 1913.

**OFFICIAL PAPERS.**

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such official papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

**Rainfall summary for the seven days ending at 8 hrs. on  
Thursday, the 2nd January 1913, based on the Indian  
Daily Weather Reports of the period.**

1. Light local rain was reported from Upper Burma, Baluchistan and the North-West Frontier Province on the 26th and some snow from Kashmir at the beginning and the close of the week, but elsewhere dry settled weather held throughout. As the winter rains have not yet set in they are already overdue by about a week.

2. *Burma.*—Light rain fell at Bhamo, Maymyo, Myitkyina and Lashio on the 26th December and at Thayetmyo on January 1st.

*Northeast India, including Orissa.*—No rain fell beyond a light shower at Shillong on the 28th.

*The United Provinces, Central India and the Central Provinces.*—Dry weather held throughout the week.

*Northwest India.*—Light rain fell at Chaman and Drosh on the 26th December, and some snow in Kashmir on the 26th and 27th December and again on the 1st January.

*The Peninsula.*—Pampan had a light fall of rain on the 28th December.

3. None of the daily falls recorded during the week exceeded half an inch in amount.

4. The Bay Islands, Upper Burma, Kashmir, Baluchistan and Madras Southeast were the only divisions which received rain during the week, but in Upper Burma alone did the week's aggregate exceed the normal.

As the normal fall for the week is less than a third of an inch in 30 of the 33 divisions the deficit was almost everywhere small in absolute amount.

The seasonal rainfall up to date is in excess by 64 per cent. in Baluchistan and by 27 per cent. in Malabar, but over the remainder of the country it is either normal or in defect. The actual deficiency is less than an inch in amount, except locally in the Bay Islands (8"), the Madras Coast North (1.6") and Madras Southeast (3").

GILBERT T. WALKER,  
Director General of Observatories.

Dated 2nd January 1913.

GOVERNMENT OF INDIA.  
DEPARTMENT OF REVENUE AND AGRICULTURE.

## Season and Crop Prospects for the week ending Saturday, 28th December 1912.

**Burma.**—Light local showers fell during the week. Harvesting of winter rice and late sesamum is progressing normally. Prospects are good. Cattle are healthy and pasturage sufficient. The price of rice remains steady though it is somewhat above normal.

**Assam.**—Light rain has fallen in the east of the two Valleys and in the Naga Hills. Harvesting of winter rice is nearing completion and the yield is satisfactory. Prospects of standing crops are generally good. Sowing of mustard has been finished in places. Crushing of sugarcane is in progress. The tea season is finished. The average price of common rice has fallen by two per cent.

**Bengal.**—No rain fell throughout the Province. The weather is seasonable. Harvesting of winter rice and sowing of spring crops are nearing completion. Prospects of standing spring crops are reported to be good. The average price of common rice for the Province has fallen by about one per cent. compared with the previous week. Cattle disease is reported from Midnapore only.

**Bihar and Orissa.**—There was no rain during the week. The weather was seasonable. Harvesting and threshing of winter rice and pressing of sugarcane continue. Standing crops are doing well. The price of common rice has remained almost stationary as compared with the previous week. The condition of cattle is good. The supply of fodder and water is sufficient. The condition and prospects of standing crops in the Feudatory States of Orissa are reported to be good.

**United Provinces.**—The week has been rainless. Rain is required in Dehra, Moradabad, Muzaffarnagar, Meerut, Aligarh, Etah, Budaon and Mirzapur. Irrigation and weeding of spring crops continue. Cane is being pressed and cotton picking is not yet finished. Late sowings in Allahabad and Mirzapur are being completed. Standing crops and sugarcane are in good condition and fodder and water are sufficient. Cattle disease prevails in the hills and in Bundelkhand. The disease is sporadic in a few other districts but is nowhere severe. Prices are stationary except in the east where they show a tendency to fall.

**Delhi.**—The week was rainless though the skies were sometimes cloudy. The weather is cold. The condition of standing crops is good. The outturn of chillies and sugarcane is good. Cotton is poor. The public health and condition of cattle are good. Fodder is sufficient. Prices are stationary.

**Punjab.**—The weather is dry. Rain is wanted generally. Picking of cotton, pressing of sugarcane and harvesting of *toria* continue with outturn average to good. Sowings of spring crops are still in progress in some districts and are above normal on irrigated areas and short in some districts on unirrigated areas for want of rain. The condition of standing spring crops is average to good. Cattle are generally healthy and fodder is sufficient. Prices remain high.

**North-West Frontier Province.**—The week was rainless. Rain is much needed all over the Province. The weather is cloudy and cool. The condition of standing crops is generally fair on irrigated, but poor on unirrigated areas. Pressing of sugarcane continues with outturn normal. Sowing of spring crops is proceeding in the Peshawar and Bannu districts. Cattle are in good condition. Fodder and water are generally sufficient. Prices are high.

**Jammu.**—Rain slight. Prices are fluctuating. Wheat sells from 11 to 14 and maize from 16 to 24 seers per rupee. The condition of standing crops is below average. Cattle disease of mild type prevails in the Mirpur district. Fodder is insufficient.

**Kashmir.**—There was no rain during the week. Ploughing operations are in progress. Prices are unchanged. Cattle disease prevails in two talukas. Fodder is average.

**Rajputana.**—The weather is clear and cool. Spring crops are being irrigated and are doing well. Prospects are favourable. The condition of cattle is good. The fodder and water supply is sufficient. Prices are generally high and steady.

**Central India.**—The weather is clear and warmer. Harvesting of autumn and sowing of spring crops are practically completed. Standing crops promise very well. Cotton has been damaged in Rampura Bhanpura in Indore. Cattle disease prevails in parts of Gwalior, Bhopal and Bhopawar. The fodder supply is generally ample. Prices are normal in Bhopal, above normal in Baghelkhand and steady elsewhere.

**Central Provinces.**—The weather continues to be clear and cool. Harvesting of autumn crops is approaching completion and threshing and winnowing are in progress. Picking of cotton continues. Prospects of spring crops are generally good. The supply of fodder and water is adequate. Cattle are in good condition. Variations in prices of food grains are unimportant.

**Feudatory States.**—The condition of spring crops is generally good and prospects are favourable. Wheat in Khairagarh and Bastar and rice in Raigarh rose from two to three seers per rupee.

**Bombay.**—Harvesting and threshing of autumn crops continue in places. Sowing of spring crops is progressing in parts of Sind, the Konkan, the Deccan and the Gujarat Native States. Standing crops are generally in good condition except for slight damage by insects in parts of Broach and Dharwar. Crops are withering in parts of Ahmednagar and Sholapur. Cotton is withering in parts of Bijapur. Picking continues in parts of Sind, Gujarat, Khandesh, Kathiawar and Baroda. The fodder supply is deficient in parts of Ahmednagar, Poona and Sholapur. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. The condition of stock is bad in Ahmednagar. Drinking water is generally adequate except in parts of Ahmednagar and Sholapur. Water for irrigation is deficient in parts of Ahmedabad, Ahmednagar and Bijapur. Prices are high though falling in parts. The public health is generally good. Distribution of *takavi* continues. Grain stocks are sufficient. Emigration continues from Ahmednagar. The numbers on relief for week ending the 28th December 1912 in tracts where famine has not been declared were:—test works Ahmednagar 545, on gratuitous relief in the Deccan 8,535.

**Hyderabad.**—No rain fell during the week. Autumn crops and early rice are being harvested in a very few parts. Spring sowings are progressing. The crop which is being weeded in places is generally fair to good except in parts of the Aurangabad and Bir districts and in a few other isolated parts. Autumn cotton has suffered somewhat from insects in parts of the Gulbarga district and spring castor seed in parts of Nalgonda. Cattle disease prevails in ten and fodder scarcity in five talukas. Water scarcity is reported in four talukas and in Lingsugur and Kallam. Prices:—Wheat 5½, coarse rice 5½ and *juar* 10½ seers per rupee. White *juar* is selling in Hyderabad City at 12 seers per rupee showing a fall of 1½ seers. The highest price in districts is 7 seers is Karimnagar and the lowest 24 seers in Adilabad.

**Mysore.**—Prices of food grains are generally steady and markets are well supplied. Harvesting operations are in progress with outturn fair to normal. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Reaping of rice and picking of coffee continue. Prices of food grains are stationary. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—There was no rain during the week. Standing crops are fair to good. Harvesting of dry crops, paddy and sugarcane is proceeding in parts with outturn fair to normal. Sowings of dry crops and paddy are proceeding normally. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are falling.

E. D. MACLAGAN,

Secretary to the Government of India.

GOVERNMENT OF INDIA.  
DEPARTMENT OF COMMERCE AND INDUSTRY.

**TARIFF VALUATION OF SUGAR.**

The following statement shows in respect of each of the descriptions of sugar distinguished in the Tariff Schedule IV (excepting molasses and all other kinds of sugar), *firstly*, the total imports into India in the month of November, 1912, and the average value per cwt. as calculated on the returns received from the Customs Houses; and, *secondly*, a running total showing the total imports into India since the beginning of the year (1st October to 30th September) and the average net value per cwt. so far established. It is published in conformity with the procedure laid down in Customs Circular No. V of 1911 in order to enable merchants to compute the probable rate of duty for the year 1914:—

Printed for the GOVERNMENT OF INDIA, at the GOVERNMENT CENTRAL PRINTING OFFICE, Delhi.

SUPPLEMENT TO  
**The Gazette of India**

No. 2. } DELHI, SATURDAY, JANUARY 11, 1913.

**OFFICIAL PAPERS.**

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such official papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

**Rainfall summary for the seven days ending at 8 hrs. on  
Thursday, the 9th January 1913, based on the Indian  
Daily Weather Reports of the period.**

1. Except for some light snowfall in Kashmir the weather was dry throughout the week in the Indian area.

2. *Burma.*—Toungoo had a light fall of rain on the 2nd.

*Northeast India, including Orissa.*—There was light rain at Cherrapunji on the 4th.

*The United Provinces, Central India and the Central Provinces.*—No rain fell at the reporting stations.

*Northwest India.*—Light precipitation occurred in Kashmir on the 2nd and 5th and locally in the North-West Frontier Province on the 5th.

*The Peninsula.*—Dry weather held throughout.

3. The daily falls were all below a third of an inch in amount.

4. Precipitation was practically wanting in all divisions with exception of Kashmir and even there the weekly total was only a fifth of an inch or 40 per cent. of the normal. The normal fall for the week is however small in amount, nowhere exceeding thirty cents except in Kashmir.

Baluchistan and Malabar are the only divisions where the seasonal rainfall up to date is above the average. The deficit although large in percentage amount is small actually except in the Bay Islands (8"), Madras Southeast (3·3") and Madras Coast North (1·7").

Division.	RAINFALL DATA FOR WEEK ENDING ON 9TH JANUARY 1913.			RAINFALL DATA FROM 29TH NOVEMBER 1912 TO 9TH JANUARY 1913.				
	Actual rainfall in inches.	Normal rainfall in inches.	Excess or defect in inches.	Actual rainfall of season to date in inches.	Normal rainfall in inches.	Excess or defect in inches.	SEASONAL PERCENTAGE DEPARTURE FROM NORMAL.

## GOVERNMENT OF INDIA.

## DEPARTMENT OF REVENUE AND AGRICULTURE.

## Season and Crop Prospects for the week ending Saturday, 4th January 1913.

**Burma.**—Slight rain fell in three districts. Reaping of winter rice is nearing completion. Standing crops are good and cattle are healthy. Pasturage is ample. The price of unhusked rice continues above normal.

**Assam.**—The weather has been cloudy and cold. Light showers have fallen almost in every district. All standing crops promise to give satisfactory yields. Harvesting of winter rice and pressing of sugarcane are still going on and are giving good outturns. The average price of common rice has risen by about one per cent. Cattle disease is prevalent in five districts.

**Bengal.**—During the week there was no rain throughout the Province except some light showers in Darjeeling and in parts of Chittagong. The weather was seasonable. Harvesting of winter rice is approaching completion. Prospects of standing spring crops are reported to be good. The average price of common rice for the Province has fallen slightly as compared with that of the previous week. Cattle disease is reported from Malda, Mymensingh, Tippera and Noakhali but is confined to particular localities.

**Bihar and Orissa.**—There was no rain during the week. The weather was seasonable. Harvesting of paddy is approaching completion and threshing is going on. Pressing of sugarcane continues. Standing spring crops are doing well. The average price of common rice remained almost stationary compared with that of the previous week. The condition of cattle is on the whole good. The supply of fodder and water is sufficient throughout the Province. Prospects of standing crops in the Feudatory States of Orissa are reported to be good.

**United Provinces.**—The week was rainless. Need for winter rain is being felt in the northern and western parts of the Province, especially in Moradabad and Meerut. In the uplands of Mirzapur rain is urgently needed. Irrigation of spring crops is proceeding. Sugarcane is still being pressed and land prepared for the ensuing cane crop. Standing crops are generally in good condition and fodder and water are sufficient. In the Benares State 792 persons are receiving relief, *viz.*, 242 on test works and 550 on gratuitous relief. Cattle disease prevails in the hills and in Bundelkhand. It is sporadic in a few other districts but nowhere severe. There is no marked change in prices.

**Punjab.**—The weather is dry. Rain is wanted generally. Picking of cotton, pressing of sugarcane and harvesting of *toria* continue with outturn average to good. Sowing of spring crops are above normal on irrigated areas and short in some districts on unirrigated areas for want of rain. The condition of standing spring crops is average to good. Cattle are generally healthy. Fodder is sufficient. Prices remain high.

**North-West Frontier Province.**—The week was again rainless. Rain is required badly throughout the Province. The weather is cool and at times cloudy. Standing crops are generally fair on irrigated lands but poor on unirrigated areas. Pressing of sugarcane is in progress and the outturn is normal. Sowings of spring crops are still proceeding in parts of the Peshawar and Bannu districts. The condition of cattle is good. Fodder and water are generally sufficient. Prices are high but stationary.

**Jammu.**—No rain. Prices are fluctuating. Wheat sells from 10 to 13 and maize from 15 to 24 seers per rupee. The condition of standing crops is below average. Cattle disease of mild type prevails in the Mirpur district. Fodder is insufficient.

**Kashmir.**—It rained once during the week. Spring crops are being sown. Prices are unchanged. Cattle disease prevails in Veriag. Fodder is average.

**Rajputana.**—The weather was clear and cool. Spring crops are being irrigated and are doing well. Prospects are fair. Cattle are in good condition. Fodder and water are sufficient. Prices are high and stationary. Irrigated cotton is doing well in Mewar.

**Central India.**—The rainfall was insufficient in the Malwa Agency and in Nimar of the Bhopawar Agency. Harvesting of autumn crops and operations for spring crops are in progress everywhere except in the Baghelkhand Agency where they are reported to be completed. The outturn is average in Bhopal, fair in Indore and good elsewhere. Cattle disease prevails in parts of Gwalior, Bhopal and Bhopawar. The fodder supply is generally ample. Prices are normal in Bhopal, above normal in Baghelkhand, fluctuating in Bhopawar and steady elsewhere. Opium cultivation in the Jaora State is entirely stopped.

**Central Provinces.**—The weather has been cool and clear. Threshing and winnowing of autumn crops and picking of cotton are in full swing. The condition of spring crops is generally good and prospects are favourable. Fodder and water are sufficient. Agricultural stock is in good condition. *Juar* rose by  $2\frac{1}{2}$  seers per rupee in Chhindwara. Elsewhere the fluctuations, if any, show a tendency to fall.

**Feudatory States.**—A shower of rain would improve the condition of spring crops in Kawardha, Nandgaon and Sarangarh. Prospects elsewhere are generally good. The price of wheat fell in Khairagarh and Udaipur while that of rice rose in Udaipur by two to three seers per rupee.

**Bombay.**—Spring sowings are nearing completion. Standing crops are generally in good condition except for slight damage by insects in parts of Broach, Belgaum and Dharwar, by cold winds in Sholapur and by disease in parts of Poona. Crops are withering in Ahmednagar. Cotton is withering in parts of Bijapur. Picking continues in parts of Sind, Ahmedabad, Kaira and Kathiawar. The fodder supply is deficient in parts of Ahmednagar and Sholapur. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. In Ahmednagar the condition of stock is bad. Drinking water is generally adequate except in parts of Ahmednagar and Sholapur. Water for irrigation is deficient in parts of Ahmedabad, Ahmednagar and Bijapur. Prices show a tendency to rise in the Deccan and the Karnatak. The public health is generally good. Distribution of *takavi* continues. Grain stocks are sufficient. Test works in Ahmednagar have been closed. The numbers on relief for week ending 4th January 1913 in tracts where famine has not been declared were:—on gratuitous relief in the Deccan 9,074.

**Hyderabad.**—There was no rain during the week. Cotton picking continues. Early rice is being harvested in parts. Spring sowings are progressing. The condition of the crops is fair to good except in parts of the Aurangabad and Bir districts. The spring castor seed crop has suffered somewhat from insects in parts of the Nalgonda district. Fodder scarcity prevails in the Aurangabad and Bir districts and large quantities of grass are being imported by the Nizam's Government for the use of the *rayats*. Ordinary public works have been increased and suspensions of revenue have been sanctioned in the affected parts. Ploughing and sowing for late rice have commenced. Cattle disease is reported in 9, fodder scarcity in 7 and water scarcity in 6 talukas. Prices:—Wheat  $5\frac{3}{4}$ , coarse rice  $5\frac{1}{2}$  and *juar*  $10\frac{3}{4}$  seers per rupee. White *juar* is selling in Hyderabad City at 12 seers per rupee. The highest price in districts is 7 seers in Karimnagar and the lowest 24 seers in Adilabad.

**Mysore.**—Prices of food grains are steady and markets are well supplied. Harvesting operations are in progress with outturn fair to normal. Prospects of the season are good. Cattle are healthy. Water and fodder are available.

**Coorg.**—Reaping of rice and picking of coffee continue. Prices of food grains have fallen slightly. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—There was no rain during the week. Standing crops are fair to good. Harvesting of dry crops, paddy and sugarcane is proceeding in parts with outturn fair to normal. Sowings of dry crops and paddy are proceeding normally. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are falling.

E. D. MACLAGAN,  
Secretary to the Government of India.

GOVERNMENT OF INDIA.

**Memorandum on Recent Weather and on the Probable Character of that of January and February 1913.**

*Weather during November and December in north-west India and the region to the west.*

Two disturbances of the cold weather type occurred in November, one in the first week and the other from the 22nd to the 25th. The former was unimportant, but the latter caused some precipitation in Kashmir and the east Punjab. In December four or five disturbances appeared in Persia and were transmitted eastwards, but their influence on the weather in India was not very marked and was restricted to the mountain zone, west and north of the Indus.

The limited information available regarding snowfall indicates that the winter conditions have set in decidedly earlier than usual in Tibet and Sikkim, and rather earlier than usual in the north of the North-West Frontier Province and in parts of Baluchistan and Kashmir. Unusually severe cold is reported in the Karakoram Valley, while according to the Tibetans of Yatung the winter in their district has so far been the severest experienced for ten years. In the Punjab and Kumaon Himalayas the snowfall and weather have on the whole been of the usual character.

*Discussion of the probable character of the weather of January and February 1913.*

The cold weather precipitation is due to depressions which advance into northern India from the west and can in the majority of the cases be traced back to south-east Europe. When attempting to form an estimate of the future character of the winter season, it appears that the most reliable indications are afforded by the character of the weather in December, and the estimate must be based not only on the rainfall of the plains of the extreme north of India, but also on the precipitation in the surrounding hill regions

including Baluchistan and Persia. The data available are contained in the following table:—

*Departures from Normal.*

Cold weather Season.	Rainfall of December in the Punjab and North-West Frontier Province.	Rainfall in Persia in December.	Rainfall in Baluchistan in December.	Precipitation in Kashmir in December.	Rainfall of the two succeeding months in North-West India (including the United Provinces, Punjab, North-West Frontier Province, Sind, Rajputana and Gujarat).	Snowfall, January to March, +3 = Large excess. 0 = Normal. -3 = Large defect.

1910-11 . .	- .20	+2.26	+ .40	+ .31	+ .61	+ 3
1911-12 . .	- .36	- .30	- .40	+ .15	+ .08	- 2
1912-13 . .	- .39	- .07	+ .68	+ .10	...	...
*Normal amount .	0.48	1.14	0.87	0.59	1.14	...

\* Owing to changes in the stations the normal amounts have changed from time to time, those given are the latest.

The table shows that the rainfall of January and February in north-west India tends markedly to be similar in character to the rainfall there of December, and to a less extent to the precipitation in Persia, Baluchistan and Kashmir: in the present case the indications are unusually conflicting, but a deficiency of rainfall appears more likely than an excess. In estimating the snowfall of the coming months roughly equal weight should be attached to the indications of each of the columns and it does not appear possible to forecast that snowfall will be either more or less abundant than usual.

*Summary.*

The indications are unusually conflicting, and do not point to a very severe or a very mild winter. It appears, however, that in the rainfall of north-west India a defect is more likely than an excess.

SUPPLEMENT TO  
**The Gazette of India**

No. 3. } DELHI, SATURDAY, JANUARY 18, 1913.

**OFFICIAL PAPERS.**

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such official papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the Gazette may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta, or Rupees nine if sent by post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

**Rainfall summary for the seven days ending at 8 hrs. on  
Thursday, the 16th January 1913, based on the Indian  
Daily Weather Reports of the period.**

1. A feeble winter depression gave light precipitation in Baluchistan, the North-West Frontier Province, Kashmir and the Simla and Mussoorie hills; and a few falls of rain occurred at Port Blair and the extreme south of the Peninsula. Weather was dry over the rest of the country.

2. *Burma.*—Rain fell at Port Blair on the 12th, 13th and 14th.

*Northeast India, including Orissa.*—Dibrugarh had a light fall of rain on the 14th.

*The United Provinces, Central India and the Central Provinces.*—Mukteswar had a light fall of snow on the 13th.

*Northwest India.*—Weather was disturbed from the 11th to the 14th in Baluchistan, the North-West Frontier Province and Kashmir, where precipitation occurred.

*The Peninsula.*—Light falls of rain were reported from Pamban, Negapatam and Trivandrum.

3. The chief daily falls were as follows:—

January 12th. Sonamarg 1.25", Parachinar 0.58" and Chaman 0.32".

" 13th. Sonamarg 0.53".

" 14th. Port Blair 1.25".

4. The only division where the rainfall of the week has been in excess of the normal is the Bay Islands. Kashmir and Baluchistan have received their normal amount of precipitation, and Madras Southeast has had half its normal amount. No appreciable rainfall has occurred elsewhere.

The seasonal rainfall up to date is as much as 20 per cent in excess only in Baluchistan. It is within 20 per cent of the normal in Upper Burma, Kashmir and Malabar and is more than 20 per cent in defect in all the remaining divisions, except in Gujarat where the absence of rain at this time of year is a normal feature of the weather. The largest actual deficiencies are 6" in the Bay Islands and 3½" in Madras Southeast.

Division.	RAINFALL DATA FOR WEEK ENDING ON 16TH JANUARY 1913.			RAINFALL DATA FROM 29TH NOVEMBER 1912 TO 16TH JANUARY 1913.

E. D. MACLAGAN,  
Secretary to the Government of India.

GOVERNMENT OF INDIA.  
DEPARTMENT OF REVENUE AND AGRICULTURE.

## Season and Crop Prospects for the week ending Saturday, 11th January 1913.

**Burma.**—No rain fell during the week. Harvesting of winter rice is approaching completion. Threshing and winnowing are in progress. Cultivation of spring rice and island crops continues. The condition of standing crops is good. Prices remain steady and are somewhat above normal.

**Assam.**—The week was practically rainless. Harvesting of winter rice is nearly finished and is giving a good outturn. Pruning of tea and pressing of sugarcane are proceeding. Transplantation of spring rice has been commenced in places. Prospects of standing crops are favourable. The price of common rice is stationary. Cattle disease prevails in one district.

**Bengal.**—No rain fell throughout the Province. Harvesting of winter rice is approaching completion. The work of extracting juice from sugarcane has begun. The average price of common rice is practically stationary at present. Cattle disease is reported from one thana of Burdwan, from Kaliachak in Malda, from Mirzapur in Mymensingh and from Bramanbaria in Tippera.

**Bihar and Orissa.**—There was no rain during the week. Harvesting of paddy is nearly finished and threshing continues. Pressing of sugarcane is in progress. Standing crops are doing well. The average price of common rice has remained almost stationary as compared with that of the previous week. The condition of cattle is good. The supply of fodder and water is sufficient. Prospects of standing crops in the Feudatory States of Orissa are reported to be good.

**United Provinces.**—The week has been rainless. In the Western submontane and Upper Doab districts rain is now required with some urgency. It is also wanted in Rampur, Budaun and Muttra and in the hilly tracts of Mirzapur. Some damage has been done by frost in the Tarai and in Rampur. Pressing of sugarcane and preparation of land for the next cane crop continue. Spring crops are flowering and are coming into ear. Standing crops as a whole are in good condition and fodder and water are sufficient. In Mirzapur 466 persons are employed on test works and 4,968 on canal works. In one district of the Benares State there are 1,183 persons on works and 550 in receipt of gratuitous relief. Cattle disease prevails in the hills and in Bundelkhand. Disease is sporadic in 17 other districts. Prices show an upward tendency especially in the northern parts of the Province.

**Punjab.**—The weather is dry. Rain is urgently wanted everywhere. Picking of cotton, pressing of sugarcane and harvesting of *toria* continue with outturn average to good. Sowings of spring crops are above normal on irrigated areas and short in some districts on unirrigated areas for want of rain. The condition of standing spring crops is generally average to good. Cattle are generally healthy and fodder is sufficient except in parts. Prices remain high.

**North-West Frontier Province.**—Slight showers fell in Hazara and Peshawar. Rain is badly wanted all over the Province. The weather is cool and at times cloudy. The condition of standing crops is generally fair on irrigated but poor on unirrigated areas. Pressing of sugarcane continues with outturn normal. Sowings of spring crops are still proceeding in parts of the Peshawar and Bannu districts. Cattle are in good condition. Fodder and water are generally sufficient. Prices are high and rising.

**Jammu.**—There was no rain. Prices are fluctuating. Wheat sells from 8 to 15 and maize from 13 to 24 seers per rupee. The condition of standing crops is below average. Cattle disease of mild type prevails in the Mirpur district. Fodder is insufficient.

**Kashmir.**—It rained twice during the week. Ploughing operations are going on. Prices are unchanged. Cattle disease prevails in the southern Valley. Fodder is average.

**Rajputana.**—The weather is clear and cold. Spring crops are being irrigated and are doing well. Prospects are fair. Cattle are in good condition. Fodder and water are sufficient. Prices are high but falling. Irrigated cotton is doing well in Merwara.

**Central India.**—The weather is clear and cool. Operations for spring crops have been completed in Baghelkhand and are in progress elsewhere with outturn fair in Indora and good elsewhere. Some damage is reported to crops at Piploda in the Malwa Agency. Cattle disease prevails in parts of Gwalior and Barwani. The fodder supply is generally ample. Prices are above normal in Baghelkhand, fluctuating in Bhopawar and steady elsewhere. The opium crop is good in Gwalior.

**Central Provinces.**—The weather continues to be clear and cool. Picking of cotton and threshing and winnowing of autumn crops are still in progress. Prospects of spring crops are generally good. The supply of fodder and water is adequate. Cattle are in good condition. The price of staple food grains remained almost stationary.

**Feudatory States.**—The condition of spring crops is generally good and prospects are favourable in Khairagarh and Udaipur. The price of rice rose by two seers per rupee.

**Bombay.**—Standing crops are generally in good condition except for slight damage by insects in parts of Dharwar and Kolhapur, and by cold winds in Kolhapur. Crops are withering in Ahmednagar. Cotton is withering in parts of Bijapur. Picking continues in parts of Sind, Gujarat and Kathiawar. The fodder supply is deficient in parts of Ahmednagar and Sholapur. Agricultural stock is generally in good condition and sufficient except in parts of Cutch. The condition of stock is deteriorating in Ahmednagar. Drinking water is generally adequate except in parts of Ahmednagar and Sholapur. Water for irrigation is deficient in parts of Ahmedabad, Ahmednagar and Bijapur. Prices are high and stationary. The public health is generally good. Distribution of *takavi* continues. Grain stocks are sufficient. Emigration continues from Ahmednagar. The numbers on relief for the week ending 11th January in tracts where famine has not been declared were:—on gratuitous relief in the Deccan 9,987.

**Hyderabad.**—There was no rain during the week. Autumn cotton is being picked and early rice is being harvested in parts. Spring sowings continue and the crop is fair to good except in parts of the Aurangabad and Bir districts. The spring castor seed crop has been damaged slightly by insects in parts of Nalgonda and spring cotton in parts of Raichur. Serious fodder scarcity prevails in the Aurangabad and Bir districts. Late rice sowings continue and germination is satisfactory. The crop is being irrigated in parts. Cattle disease is reported in 9, fodder scarcity in 9 and water scarcity in 6 talukas. Prices:—wheat 6, coarse rice  $5\frac{1}{2}$  and *juar*  $10\frac{3}{4}$  seers per rupee, showing a fall of  $\frac{1}{4}$  seer in the price of wheat. White *juar* is selling in Hyderabad City at 12 seers per rupee. The highest price in districts is 7 seers in Karimnagar and the lowest 24 seers in Adilabad.

**Mysore.**—Prices of food grains are generally steady. Markets are well supplied. Harvesting operations are in progress with outturn fair to normal. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Reaping of rice and picking of coffee continue. Prices of food grains have fallen slightly. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—Light rain fell in Tanjore and Ramnad. There was no rain elsewhere. Standing crops are fair to good. Harvesting of dry crops, paddy and sugarcane is proceeding in parts with outturn fair to normal. Sowings of dry crops and paddy are proceeding normally. The condition of cattle is generally good. Fodder and water are generally sufficient. Prices are falling.

E. D. MACLAGAN,  
Secretary to the Government of India.

**WHOLESALE AND RETAIL PRICES IN THE FIRST HALF OF  
DECEMBER 1912 OF:**

N.B.—Provinces named in the first and last columns include their chief port or ports. "Madras ports" includes the ports of Madras, French Ports Pondicherry and Karaikal, exclusive of sea imports from Non-British Ports and Foreign countries. Nagapatnam, Tuticorin, Calicut, Cocanada, Vizagapatnam, Addalore, Cochin, Tellicherry, Cannanore, Masulipatam, Mangalore, Quilon, Porto Novo, and Badagara.

Figures previous to 1st April 1912 in this statement against "Bengal" include those relating to "Bihar and Orissa," but exclude those for Eastern Bengal districts (i.e., Bakarganj, Faridpur, Dinajpur, Rajshahi, Rangpur, Bogra, Pabna, Jalpaiguri, Malda, Dacca, Mymensingh, Tippera including Chittagong including Port and town, Noakhali and Chittagong Hill Tracts); these latter are included in the figures shown against "Assam."

L. C. PORTER,  
Secretary to the Government of India.

## INDIAN PUBLIC WORKS DEPARTMENT AND INDIAN STATE RAILWAYS.

### REGULATIONS AS TO APPOINTMENT OF ASSISTANT ENGINEERS, 1913.

1. The Secretary of State for India in Council will, in the summer of 1913, make **not less than 23\*** appointments of Assistant Engineers in the Public Works Department of the Government of India.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the Engineering profession.

2. Applications for the appointments must be made on a printed form to be obtained from the Secretary, Public Works Department, India Office, Whitehall, London, S.W., and to be returned so as to reach him not earlier than 1st March 1913, or later than **Thursday the 1st May 1913.**

No applications received after the latter date will be considered.

3. Candidates must have attained the age of 21 and not attained the age of 24 years on the 1st July 1913. To this rule no exception can be made.

[N. B.—*Natives of India must obtain a certificate of age and nationality in the form explained in Appendix II. As the production of this certificate is a necessary condition of appointment, candidates are advised to procure it without delay. The certificate should be forwarded to the India Office together with the candidate's form of application or at the earliest subsequent opportunity.*]

4. Every candidate except as provided in Regulation 5, must be a British subject of European descent, and at the time of his birth his father must have been a British subject, either natural-born or naturalised in the United Kingdom. The decision of the Secretary of State in Council as to whether a candidate satisfies this condition shall be final. He must also be of good moral character and sound physique.

5. Natives of India who are British subjects, and are not qualified under Regulation 4, are eligible for appointment, and shall be selected to the extent of 10 per cent. of the total number of Assistant Engineers thus recruited, if otherwise duly qualified.

6. Candidates must produce evidence that they have either (1) obtained one of the University degrees mentioned in Appendix I; or (2) passed the A.M.I.C.E. examination; or (3) obtained such other diploma or distinction in Engineering, as may, in the opinion of the Selection Committee, be accepted as approximately equivalent to the degrees mentioned.

It will be for the Selection Committee to decide, in dealing with the applications, whether they will recommend any candidate under head (3).

7. It is advisable that candidates who have been through a college course and obtained one of the degrees mentioned in Appendix I, should have had at least one full year's practical experience of Civil Engineering under a qualified civil engineer at the time when they appear before the Selection Committee. Those who have taken no college course should have had a full three years of such practical experience. In the event of any candidate being selected who has not, in the opinion of the Selection Committee, had sufficient practical experience, he may be required to undergo, after arrival in India, a year's probation in charge of works, and his final appointment will be made dependent upon the result of such probation.

8. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee, which will probably take place at the end of May or early in June 1913.

9. They will further be required, before final appointment by the Secretary of State in Council, to appear before the medical Board at the India Office for examination as to their physical fitness for service in India.

The Regulations governing the physical examination of candidates for the Public Works Department of the Government of India are given in Appendix V.

\* Some of these appointments will probably be to the Indian State Railways.

\*10. Selected candidates will also be required to satisfy the Secretary of State, in such manner as he may determine, of their ability to ride.

11. They will on appointment be provided with a free first-class passage to India and they will be expected to proceed thither about the end of September 1913.

Their pay will begin from the date of their landing in India, and, if they so desire, they will be able to obtain in India an advance of two months' pay, recoverable by monthly instalments of one-third of salary.

12. They will enter the Service as Assistant Engineers, on a salary of Rs. 4,560 a year (equivalent to £304 a year, when the rupee is at 1s. 4d.).

13. The instruments required by Assistant Engineers are supplied to them in India.

14. Particulars as to their prospects of pay, pension, &c., are contained in Appendices III and IV.

India Office,

\* Selected candidates will be examined by the Civil Service Commissioners as to their ability to ride, and will be required to obtain—

(a) A certificate from the Civil Service Commissioners that they are able to ride well, and to perform journeys on horseback; or

(b) a certificate from the Civil Service Commissioners of minimum proficiency in riding.

In the latter case they will be subjected, on their arrival in India, to such further tests in riding as may be prescribed by their Government.

Candidates are warned that the certificate of minimum proficiency in riding without which they will not be allowed to proceed to India, is only granted to those who can qualify in a series of tests, which includes jumping.

The chief tests will be saddling and bridling, mounting and dismounting; trotting and cantering; riding at a trot without stirrups; riding at a trot with stirrups but without reins, jumping a hedge hurdle about 3 feet in height.

Although the examination will in the main, be confined to these points, the examiner will not be debarred from applying any other tests which may appear desirable.

#### NOTE FOR THE INFORMATION AND GUIDANCE OF CANDIDATES.

The Selection Committee of 1906 drew attention to the subjects which were held to be of most importance for the Public Works Service, *viz.*

*Pure Mathematics*, including a knowledge of the differential and integral calculus.

*Applied Mathematics.*

*Geometrical and Engineering Drawing.*

*Surveying and Geodesy.*

*Strength of Materials and Theory of Structures.*

*Hydraulics.*

*Heat Engines.*

*Materials used in Construction.*

*Building Construction.*—Wood and metal work, limes and cements, and building with stone, brick, and concrete.

*Knowledge of the principles* of road-making, waterworks, sanitary and railway engineering. (Important.)

The Selection Committee were further of opinion that all candidates should have had some workshop training.

*The following Announcement regarding the recruitment of the Public Works Department in future years is published for the information of intending candidates:—*

*The foregoing Regulations apply only to the appointment of Assistant Engineers in the permanent establishment of the Public Works Department in 1913, but it is the intention of the Secretary of State for India in Council, as at present advised, to recruit the permanent establishment of the Department in succeeding years on the same general lines as those already laid down.*

*He is, however, unable to give any undertaking that the Regulations will remain unaltered in the future.*

## APPENDICES.

### APPENDIX I.

#### LIST OF DEGREES REFERRED TO IN PARAGRAPH 6.

- University of Oxford*.—B.A. (with honours in the Engineering Science Final Honours School).
- University of London*.—B.Sc. (Engineering).
- University of Cambridge*.—B.A. Honours (Mechanical Sciences Tripos).
- University of St. Andrews*.—B.Sc. (Engineering).
- University of Glasgow*.—B.Sc. (Engineering).
- University of Edinburgh*.—B. Sc. (Engineering).
- Victoria University of Manchester (or Victoria University)*.—B.Sc. (with honours in Engineering), and B.Sc. Tech. in "Mechanical" or "Electrical" Engineering (Honours Division in the Final Examination).
- University of Liverpool*.—B. Eng.; provided the degree be obtained by passing the Examinations of the University.
- University of Leeds*.—B.Sc. in Civil or Mechanical Engineering.
- University of Sheffield*.—B.E. (First Class in the Final Examination.)
- University of Birmingham*.—B.Sc. (Engineering); provided that the Engineering Matriculation Examination shall have been passed before entry upon any course of study which forms part of the Degree course; and that a regular course of study, occupying not less than three academical years, shall have been pursued between the passing of such Matriculation Examination and the passing of the Final Examination for the degree.
- University of Dublin*.—B.A.I.
- Royal University of Ireland*.—B.E. and M.E.
- University of Wales*.—B.Sc. (in the Department of Civil, Mechanical, or Electrical Engineering).
- University of Durham*.—B.Sc. in Civil, Mechanical, or Electrical Engineering, or in Naval Architecture; provided that the Matriculation Examination for Engineering and Naval Architecture shall have been passed before entry upon any course of study which forms part of the degree course.
- University of Bristol*.—B.Sc. in Civil or Mechanical Engineering.
- Other degrees*.—Any other degree of a University or College in the United Kingdom which may hereafter be recognised by the Council of the Institution of Civil Engineers as exempting the holder from passing the examination for Associate Membership.

### APPENDIX II.

Particulars regarding the Certificate of Age and Nationality to be obtained by Candidates who are Natives of India.

#### A.—Rules for Candidates born within His Majesty's Dominions.

1. A candidate who is resident in British India must obtain a certificate signed either (a) by the Secretary to Government (or his lawful deputy) of the province in which his family resides, or (b) by the Commissioner (or his lawful deputy) of the District in which his family resides.
2. A candidate who is resident in a Native State must obtain a certificate signed by the highest Political Officer (or his lawful deputy) accredited to the State in which his family resides.
3. The certificate required must be in the following form—

"I hereby certify that \_\_\_\_\_ has submitted the proofs of his birth detailed below,\* and has satisfactorily shown that he was actually born on or about the date stated, viz., the \_\_\_\_\_ day of \_\_\_\_\_ 18\_\_\_\_, at \_\_\_\_\_ a place within His Majesty's dominions."

\* (Here enter details).

and the nature of the evidence produced must be such as to satisfy the officer who issues the certificate.

4. The documentary evidence which a candidate may be expected to produce in order to obtain such certificate comprises :--

- (a) The horoscope.
- (b) Family Books.
- (c) Tradesman's account books showing entries relating to the birth.
- (d) The record of admission in the registers of the school in which the candidate was educated, and the record of the candidate's age at various periodical school examinations.
- (e) If the candidate is matriculated, a certified copy of his application to the Registrar in Form A.

Oral testimony from persons able to give relevant evidence will also be taken.

5. If a candidate has proceeded to England without obtaining a certificate, the certificate may be granted to his father or guardian on production of the requisite evidence.

**B.**—*Rules for Candidates not born within His Majesty's Dominions.*

6. The rules are the same as the foregoing except that a candidate not born within His Majesty's dominions must also prove that he is the son or grandson of a person born in those dominions, and in his case the form of certificate must be not as in paragraph 3 above but as follows :—

"I hereby certify that \_\_\_\_\_ has submitted the proofs of his birth detailed below\* and has satisfactorily shown that he was actually born on or about the date stated, viz., the \_\_\_\_\_ day of 18\_\_\_\_, and that he was born at a place without His Majesty's dominions, but that he is \_\_\_\_\_ son \_\_\_\_\_ grandson of a person born in those dominions."

\* (Here enter details.)

APPENDIX III.

PARTICULARS REGARDING THE INDIAN PUBLIC WORKS DEPARTMENT (EXECUTIVE BRANCH.)

(The arrangements and salaries hereinafter described are subject to revision according to the requirements of the Service).

1. The Engineer Establishment of the Indian Public Works Department consists of a staff of Engineers, military and civil, engaged on the construction and maintenance of the various public works undertaken by the State in India.

2. The permanent establishment of the Department is recruited from the following sources :—

- (1) Officers of Royal Engineers.
- (2) Persons appointed to the Imperial Service by the Secretary of State by selection from the United Kingdom.
- (3) Persons educated at the Government Civil Engineering Colleges in India, and appointed to the Provincial Services by the Government of India.
- (4) Occasional admission of other qualified persons.

3. The various ranks of the Department are at present as follows :—

	Salary per Annum (Imperial Service).
	Rs.
Chief Engineer, First Class . . . .	33,000
" " Second Class . . . .	30,000
Superintending Engineer, First Class . . . .	24,000
" " Second Class . . . .	21,000
" " Third Class . . . .	18,000
Executive Engineer, 20th year of service and following years . . . .	15,000
" " 19th year of service . . . .	14,400
" " 18th year of service . . . .	13,800
" " 17th year of service . . . .	13,200

		Salary per Annum (Imperial Service).
		Rs.
Executive Engineer, 16th year of service	.	12,600
" " 15th year of service	.	12,000
" " 14th year of service	.	11,400
" " 13th year of service	.	10,800
" " 12th year of service	.	10,200
" " 11th year of service	.	9,600
*Assistant Engineer, 10th year of service	.	9,000
" " 9th year of service	.	8,400
" " 8th year of service	.	7,920
" " 7th year of service	.	7,440
" " 6th year of service	.	6,960
" " 5th year of service	.	6,480
" " 4th year of service	.	6,000
" " 3rd year of service	.	5,520
" " 2nd year of service	.	5,040
" " 1st year of service	.	4,560

4. The increments will be given for approved service only, and in accordance with the rules of the Department.

Exchange compensation allowance will not be granted to future entrants.

5. Promotions above the grade of Executive Engineer are dependent on the occurrence of vacancies in the sanctioned establishment, and are made wholly by selection; mere seniority is considered to confer no claim to promotion.

#### APPENDIX IV.

##### PARTICULARS RELATING TO PENSIONS, PROVIDENT FUND, AND LEAVE.

[N.B.—This Appendix is compiled from the regulations for the time being, and is subject to alterations from time to time. The full leave and pension rules are contained in the Civil Service Regulations published by the Government of India.]

1. The following is a summary of the principal pension rules applicable to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

An officer is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of completed service.	Maximum limit of Pension.
10	Rs. 1,000 a year.
11	1,400 a year.
12	1,800 a year.
13	2,200 a year.
14	2,600 a year.
15	3,000 a year.
16	
17	
18	
19	

\* Officers of the Assistant Class will ordinarily pass into the executive class in the 11th year of service, but no Imperial Engineer may draw more than Rs. 9,600 per annum unless he holds charge of a division or a charge of equal importance.

After a service of not less than 20 years, a retiring pension not exceeding the following amounts :—

Years of completed service.	Maximum limit of Pension.
20 to 24	Rs. 4,000 a year.
25 and above	5,000 a year.

Officers who have shown special energy and efficiency during an effective service of three years in certain appointments may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued at the rate of exchange of 1s. 9d. the rupee to pensioners residing in countries in which the Indian Government rupee is not legal tender.

2. A general provident fund to which all Civil Engineers entering the Public Works Department in the future will subscribe has been established for all Civil Engineers of the Department on the following basis :—

- (1) The contribution is compulsory up to  $6\frac{1}{4}$  per cent., on salaries, with not more than a further  $6\frac{1}{4}$  per cent. voluntary contributions. Subscriptions on leave of any kind are optional.
- (2) Compound interest on such payment is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.
- (3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him unconditionally on quitting the Service ; or, in the event of his death before retirement, to his legal representatives.
- (4) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (1).

#### LEAVE.

3. The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

##### (a) Short Leave.

4. Privilege Leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption ; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave the officer retains a lien on his appointment, and receives an allowance equal to the salary which he would receive if he were on duty in the appointment on which he has a lien. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave cannot be granted for a shorter period than six months, nor, except on medical certificate, may it be extended beyond two years.

5. Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

6. Subsidiary Leave in India, usually with half average salary, may be granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end, and not at the beginning, of combined leave.

7. Short leave is also granted to enable officers to appear at examinations, etc.

##### (b) Long Leave.

8. Furlough and special leave with allowances (*see* paragraph 15) are admissible to an aggregate maximum amount of six years' during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

Furlough on medical certificate may be granted (a) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years, and (b) to an officer who has not rendered three years' continuous service up to one year in any case, and up to such longer period, if any (but not exceeding two years), as the officer may have furlough "due" to him.

9. The allowances admissible during furlough are :—

- (1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due,"—half average salary subject to certain maximum and minimum limits.
- (2) After the expiration of the period for which the foregoing allowances are admissible,—one quarter of average salary, subject to certain maximum and minimum limits.

10. Special Leave may be granted at any time for not more than six months, with intervals of six years' service ; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

#### General Rules.

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from India, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1s. 6d. to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1s. 4d. to the rupee.

### APPENDIX V.

#### REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENT TO THE PUBLIC WORKS DEPARTMENT OF THE GOVERNMENT OF INDIA.

*Note.*—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service ; and that his discretion is in no respect limited by these Regulations.

#### General Physical Requirements.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth :—

Age.	Height without Shoes.	Chest.	
		Girth when expanded.	Range of Expansion.
	Inches.	Inches.	Inches.
21 and upwards . . . . .	62½ and under 65 . . . . .	35	2
	65 . . . . . 68 . . . . .	35½	2
	68 . . . . . 70 . . . . .	36	2
	70 . . . . . 72 . . . . .	36½	2½
	72 and upwards . . . . .	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard ; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 ft. 4 ins. is required, but in other Departments no fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the
